REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to teach a combination of all the limitations as claimed in the independent claim 71, wherein the claimed invention comprising a single member lens possessing a front vertical surface and a rear vertical surface; a plurality of end piece retainers; a plurality of fasteners wherein said plurality of end piece retainers are mounted on said rear surface of said single member lens and said fasteners are mounted on said front surface of said single member lens and wherein said fasteners couple said end piece retainers to said lens by penetrating said lens; and a torsion bar, as claimed. The prior art does not disclose or fairly suggest, either alone or in combining with any other reference, to meet a combination of all the limitations as claimed in claims 71 and 95 either under 35 USC 102 or 103. Therefore claims 3-7, 11-14, 24-31, 41, 42, 63-65, 71, 73-78, 91 and 95 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
